
YPE TEAM – SPRING 2018

RESEARCH QUESTION

- What would you like to see improved at Andersen?

RESEARCH METHODS

- We used a survey to poll all Andersen middle school students
- Wanted to see how all middle school students feel about being a student at Andersen
- Survey was given in three different languages- English, Spanish and Somali

TIMELINE OF EVENTS

- Student representatives started going to every middle school advisory before winter break
- Students were responsible for handing out the surveys, presenting them to advisories and for collecting the responses
- Students introduced YPE to all middle school students and explained the purpose of the survey

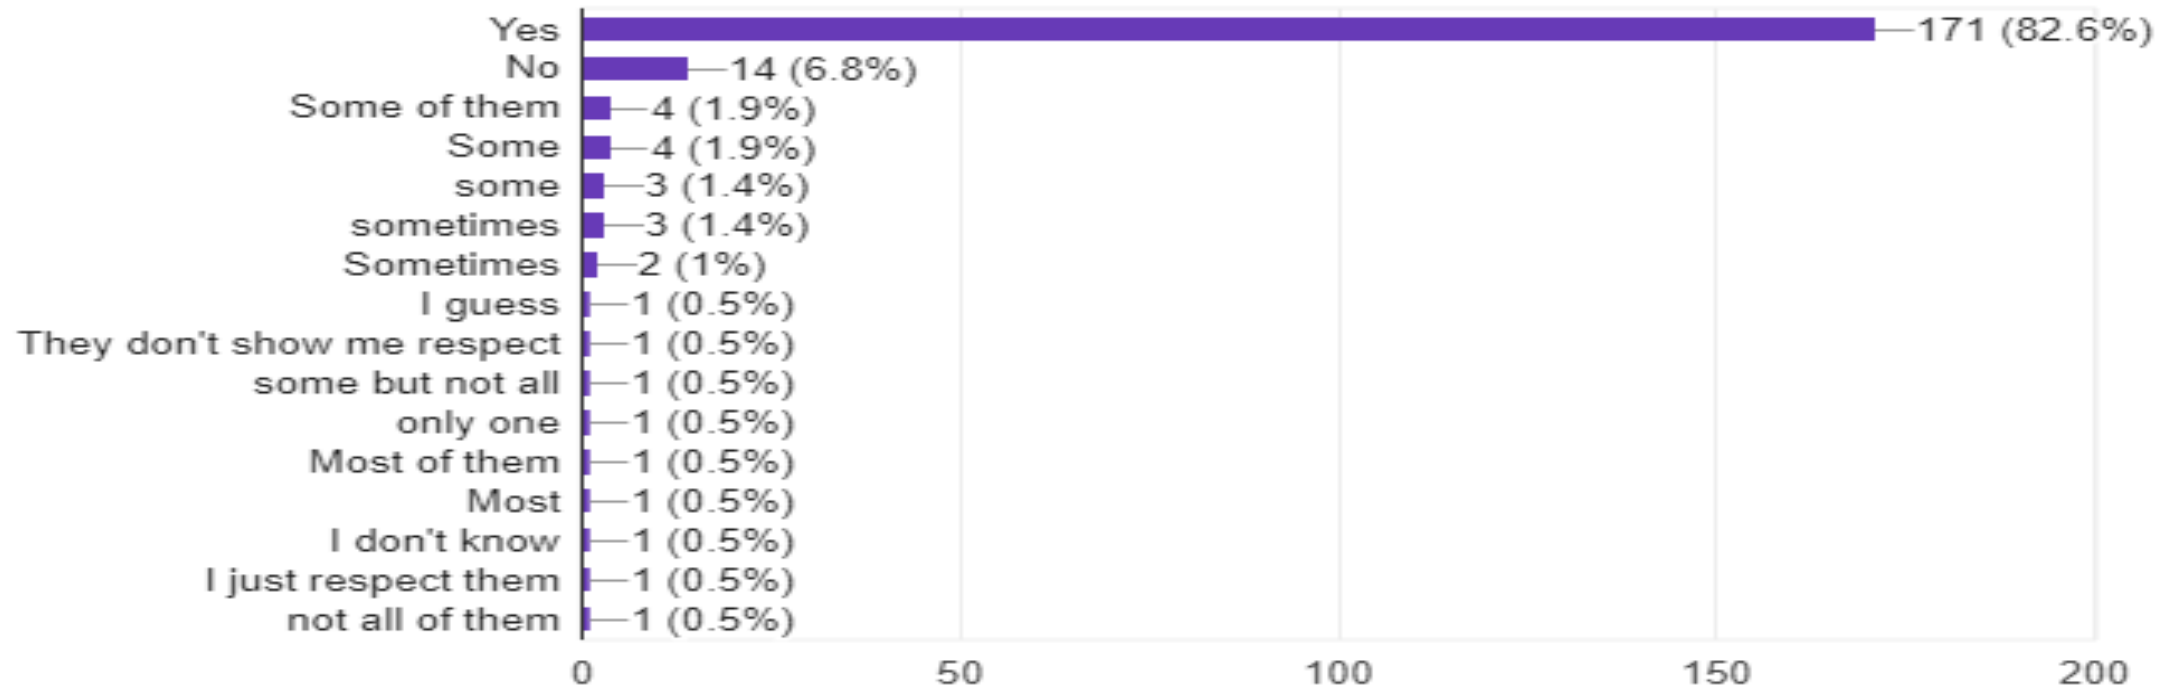

RESEARCH FINDINGS

- Over 200 surveys received
- We learned that...
 - Overall, we learned that Andersen students want better food. Over 50 students (around 25% of students polled) asked for better food
 - Most students have good relationships with their teachers
 - Most students feel that Andersen teachers want them to be successful
